Financing micro-, small and medium enterprises across Mexico

MEXICO

The financial intermediary Oportunidades para Emprendedores SAPI de CV SOFOM ENR (Financiera Emprendedores) provides credit to micro-, small and medium enterprises (MSMEs). It works with the Chamber of Commerce and uses the chamber's 27 branches to promote its services among more than 23,000 associated companies.The company plays an important role in the Mexican economy, considering that MSMEs make up around 80% of the total number of businesses in the country. With just over a quarter having access to credit from regular commercial banks, many businesses struggle to survive in a highly competitive economy. They strongly rely on companies like Financiera Emprendedores to keep their businesses going.
